

Holiday Homework: Class-IV

Important Instructions:

- The holiday homework will be assessed as internal assessment.
- All the home assignments provided through WhatsApp must be completed.

Children are reservoirs of potential which needs to be tapped and channelized in diverse ways. We at BBPS Anuppur feel that it is very important to fire their imagination and foster an outlook that helps them explore, discover and rediscover. Children should be encouraged to develop intellectually and physically. Summer Vacation is the best and fruitful time for learning and for nurturing creativity. It is the time when you can connect with your child in many ways. The Holiday Homework designed would not only enhance achievements of your children but also help to enhance family relationships. It would teach your child to work independently and would improve their basic academic skills, such as reading, writing, and spellings and would help them develop personal skills and time management.

MATHS

Forest provide us with essential items like food, shelter and medicines. However humans have exploited forests in a thoughtless manner and cutting them rapidly. Make a scrapbook, cover and decorate it creatively. Do the following activities in the scrapbook.

- 1) Find out the names of any 8 species of animals or plants that are endangered because of deforestation. Paste their pictures. Find out their approximate number. Represent the data using pictures or graphs.
- 2) Find out the area extent of the forest cover in India in different decades (in square km). you may use the website for collecting the information. Your data can be written in the following manner.

Year	Areal extent of the forest cover in square km
1965	8,69,012
1975	6,53,220
1985	6,38,460
1995	-----
2005	-----

- 3) Write the number name of all the six digit number you get in the data.
- 4) Express the numbers obtained in expanded form.
- 5) Arrange all the six digit numbers in the Indian Place Value Chart.
- 6) Arrange the numbers in ascending and descending order.
- 7) Suggest two ways of increasing the number of forest on Planet Earth.
- 8) Can you estimate the area of forest cover that will be left in India in 2050.
